EXECUTIVE ORDER NO. 48

WHEREAS, Employee Assistance Programs, hereinafter referred to as "EAP", have consistently proven, in both the private and public sectors, to be an effective stimulus to productivity improvement and to have positive impact on overall employee attendance and performance; and

WHEREAS, EAP have enabled employers to maintain and rehabilitate countless numbers of employees who were once valuable and productive; and

WHEREAS, EAP serve as an early intervention and prevention strategy, which can significantly reduce absenteeism, tardiness, and work force instability and turnover; and

WHEREAS, EAP have provided timely and professional assistance for employees experiencing personal difficulties which detrimentally affect all aspects of their job performance and overall quality life; and

WHEREAS, early identification of their problems, including, but not limited to, the following; marital difficulties, family difficulties, "chemical abuse", financial difficulties, stress, and other emotional problems, has proven to have significant positive impact on the work place and society as a whole.

NOW, THEREFORE, I, GUY HUNT, based upon these and other significant considerations, pursuant to and by virtue of the power and authority vested in me as Governor and Chief Executive of the State of Alabama, do hereby designate the Department of Finance of the State of Alabama, as the State agency to develop, maintain and carry out an Employee Assistance Program (EAP) for the use and benefit of all employees of State Government. In this regard, said Department shall provide, at reasonable cost where applicable, consultation, training, technical assistance, and other services, within its resource capacity, to establish and maintain quality employee assistance programs which are expected to have a significant positive impact on stability and productivity in the overall work force in the government of the State of Alabama. All state agencies and agency directors are authorized to coordinate and cooperate with this EAP to the end of providing the support for their employees as they determine.

DONE AND ORDERED on this the 19th day of March, 1992.

Guy Hunt
GOVERNOR

ATTEST:

Billye G
SECRETARY OF STATE

To our Valued State Employees:

Below you will find information about your Employee Assistance Program and a list of community resources the Department of Finance Division of Risk Management compiled for your convenience. Over time, additional resources will be added to include all 67 counties in Alabama. It is our hope that you will find these resources beneficial to both you and your family.

Kwatasian P. Hunt, PhD, ICPS
Employee Assistance Program Coordinator

State Employee Assistance Program

In March 1992, Governor Guy Hunt signed and issued Executive Order No. 48 authorizing the development and implementation of the State of Alabama Employee Assistance Program (EAP). The Department of Finance was the designated agency responsible for overseeing this new directive. The EAP was officially launched on October 1, 1994. State agencies were encouraged to enroll their agency in this program and in doing so, their employees had access to services offered through EAP.

The state's EAP offers short-term counseling to self-referred and supervisory referred employees. This service is provided to address work-related issues that impede an employee's ability to effectively perform his/her job function. In addition, employees and their dependent family members accessing EAP services are provided with professional, confidential assistance with personal issues that impact their family life.

EAP is managed by Risk Management, a division of the Alabama Department of Finance. Services are administered by [Behavioral Health Systems, Inc. \(BHS\)](#). Headquartered in Birmingham, Alabama, BHS has a nationwide network of master-level or higher mental health professionals, psychologists, and psychiatrists available to assist with problems such as, but not limited to:

- Supervisor and subordinate conflict
- Alcohol and other drug abuse
- Marital and family issues
- Stress
- Grief

Expected outcomes of great value to the State include:

- Increased retention
- Reduced absenteeism
- Improved productivity
- Fewer job injuries
- Reduced conflicts involving EEO, harassment, ADA issues, etc.
- Happier employees

Disclaimer

This community resource directory was developed as a helpful service to state agencies participating in the EAP. The purpose of this directory is to provide information from organizations and individual service providers available to state employees, including physical addresses, phone numbers, email, and website addresses. This directory will be updated on an as-needed basis. Please note this directory does not contain an exhaustive list of resources for each county. If you are aware of a service provider in your area which does not appear on the current version of this list, please notify us of the provider's existence and supply us with their contact information in order that we may include them on an updated version.

External Links

- Links to other websites are being provided as a convenience to state employees and for informational purposes only.
- The Department of Finance, Division of Risk Management does not maintain the listed websites and bears no responsibility for their content, legality, accuracy, or opinions of these websites or for any links to other sites contained therein;
